

Are you ready for the ultimate, indoor, mini BBQ experience?

Imagine your guests laughing, enjoying wine and cooking a variety of tasty foods at your table with a mini BBQ called La Charbonnade. La Charbonnade is an innovative and fun, mini-indoor grill. It is safe, fast and convenient!

La Charbonnade is a beautiful, miniature, ceramic BBQ, with a cast iron grill, handcrafted by Quebec artisans to exacting standards. It's height is 11 cm, with a diameter of 14 cm (4 1 / 4" X 5 1 / 2").

La Charbonnade is portable and can be used on camping trips, at your cottage, or for a romantic picnic for two, or perhaps a dinner for 12 or just one. Let your imagination guide you to your culinary fun!

Easy to use: Simply prepare and arrange cubes of your favourite meat, seafood, vegetables, sauces and other culinary treats. Then light the ecoflame, preheating your grill for eight minutes, you ready to grill!

La Charbonnade is fueled by a gel ecoflame made of sugar cane, which is a non-toxic, environmentally friendly and smoke-free. Each ecoflame burns for up to one hour and it is easy to replace or refill.

La Charbonnade is available individually or in multiple units!

Fabulous for your home! A fantastic addition to any restaurant!

"It's wonderful!
We had friends over last weekend and shared La Charbonnade with them, they were very impressed! La Charbonnade has great customer service and delivery!"

- Carmen Mélançon,
Trois-Rivières, Québec

"What I love about La Charbonnade is the great taste from a small indoor BBQ, and it is ideal for two people. It brings taste and class to every meal."

- Guylaine Breton, St-Rémi de Tingwick Quebec.
